

BECKIE EGAN *be* PHOTOGRAPHY

# *Family & couple sessions*

# Hello

I'm so pleased you're here  
and considering me as your photographer.

I provide a natural, unobtrusive and relaxed style of  
family & couples photography.  
Capturing you just being YOU!

Family photos are an amazing way to celebrate  
what makes your family so unique and  
capture the happy memories, fun, love and  
laughter you share together.

# About me

Hello! I'm Beckie, I live in Suffolk and I love capturing special moments in life and telling a story through photographs.

I've been taking photographs of people since I was 14.

I started Beckie Egan Photography back up in 2015, and I've loved growing my business ever since. I feel incredibly lucky to get to meet and hang out with some utterly wonderful people while doing what I love!

When I'm not out taking photos you'll find me out exploring the Suffolk or Norfolk countryside, or I'll be at the beach, my absolute favourite place to be!

# Photo session options

Relaxed, natural & fun lifestyle shoots, at a location of your choice.  
Couples, families, or groups it's up to you.

Get outside and have some fun, stick your wellies on for a splash in the puddles, head to the forest, the park or the beach, Bring the pets, feed the ducks, walk the dog, bring a picnic, blow some bubbles, whatever it is you love doing, let me capture special moments in life with your loved ones.

## Close to Home

Introductory offer £40

A short but sweet session up to 20 minutes. At your home, garden, or a location close to your home. only available within 5 miles of Stowmarket, Suffolk (IP14)

Includes online gallery and five high quality digital images via a download link.

## Adventure Session

Introductory offer £175

We all know getting out in nature is great for our mental health! So.. Lets go have an adventure! A dog walk, an explore across the countryside, the beach at sunset.. you get the idea!

Genrally these will be a planned route that will take in plenty of photo opportunities. We'll walk and talk, I'll take photos as we go. and we'll enjoy our surroundings! Times may vary depending on where we go. You'll recieve 15 digital images from your online gallery.

## What to wear

It's always tricky isn't it! Your photos will last a lifetime, so you want you and your family to look as good as possible. But you also want everyone to look and feel like themselves too.

I'd always recommend staying away from anything that looks too scruffy, or anything that makes you feel uncomfortable.

Some families choose to wear similar colours, or coordinating outfits. It's totally up to you though. The more YOU you all feel, the more relaxed you're likely to feel to start with.

## What to expect

We'll arrange a suitable location. I usually suggest thinking about somewhere meaningful or familiar to you and your family. Especially if you have little ones, going to a place they know can be helpful for them.

When we meet on the day of the session, we will have a little chat and settle everyone in, depending on the location we may walk and talk to a quiet spot, and I'll set up ready for the first shot.

My style is very relaxed, some sessions will naturally lead to being more natural than others. I will sometimes set something up with you, get you chatting or interacting with each other and take photos from a distance. Other times I may be a bit closer to you. Sometimes I may give you a silly prompt, these will just be to help us get those special and fun photos of you all. I don't really ever pose anyone, I'd rather you were just YOU as much as possible.

Please don't worry if your little ones aren't too happy, there's never any pressure to 'sit and smile' at the camera, so just trust me and we'll work to calm them down and get those little smiles shining. I always allow plenty of time, so there won't be a rush. And.. if all else fails.. there is always a little bribery right..?!

“

We've just booked our fourth family shoot with Beckie.

Capturing our children growing up is really important to us and we couldn't be happier with our photos.

Beckie captures such natural photos of our family that we will be able to look back on in years to come.

*Rachel & Darren*

# How to book

If you would like me to photograph you and your family, please contact me to check my availability. We will then take the following steps.

## Your selection

We'll make sure the option you have selected is right for you, to ensure you get the most from the session.

## Arrange a date

We'll work together to arrange a suitable date, time and location for your photos. As the majority of my sessions are outdoors, we obviously need to take the weather in to consideration. Sometimes sessions may need to be rearranged and that's totally ok.

## Payment

I ask for full payment before your session, preferably upon booking, to be paid by direct bank transfer where possible. Cash on the day is also ok.

## Your photos are ready!

Once I have edited your photos, I will add them to your private online gallery. You will then receive a link and your password. Anyone who has the password can view the gallery, so you can share with friends and family if you wish. This will usually be within 7 days, but may take longer during busy periods.

I will also send you a price list for bundles of extra digital images should you wish to order more than those included in your package.
